SUMMARY

I am a third-year undergraduate specializing in Software Engineering at SLIIT, with strong proficiency in full-stack web development and mobile application development. I possess excellent computer literacy and am well-versed in multiple programming languages. Fluent in both Sinhala and English, I bring effective communication skills alongside my technical expertise. I am a highly motivated individual with a strong work ethic and a keen passion for learning emerging technologies. I am currently seeking an internship opportunity to enhance my skills and gain hands-on experience in the field of software engineering.

EDUCATION

Sri Lanka Institute of Information Technology	July 2023 – Present
BSc (Hons) in Information Technology Specialising in Software Engineering	CGPA: 3.07/4.00
St. Thomas' College, Matara	2010 – 2018
GCE Advanced Level - Science Stream (Aug 2018)	
GCE Ordinary Level (Dec 2015)	

PROJECTS

Hospital Management System ○ GitHub   2025

- Developed a comprehensive Hospital Management System using the MERN stack, optimizing hospital operations with modules for staff, patients, appointments, pharmacy, labs, and admin control.
- Technologies: **MongoDB**   **Express.js**   **React.js**   **Node.js**

Personal Finance Manager (Android App) ○ GitHub   2025

- Designed and developed an Android app for personal finance management with income/expense tracking, budgeting, insights, notifications, and data persistence.
- Technologies: **Kotlin**   **XML**   **SQLite**

Property Management System ○ GitHub   2024

- Developed a robust Property Management System using Java and MySQL, enhancing real estate operations with modules for property listings, tenant management, rent tracking, maintenance requests, and admin control.
- Technologies: **JAVA**   **MySQL**

Fashion Store System ○ GitHub   2024

- Built a dynamic Fashion Store System using PHP, CSS, MySQL, and JavaScript, enabling efficient online retail operations with features for product browsing, customer management, order processing, inventory control, and admin functionality.
- Technologies: **PHP**   **CSS**   **MySQL**   **JS**

TECHNICAL SKILLS

Languages: JavaScript, PHP, Kotlin, Java, SQL, HTML, CSS, XML

Frameworks: React.js, Express.js, Node.js, Flutter, Tailwind CSS, Bootstrap

Development Tools: GitHub, Visual Studio Code, Android Studio, Firebase, Figma, Eclipse, MySQL, SQLite, MongoDB
